RE-ELECT GOVERNOR BRICKER

Not in a great many years has The Western Star taken a position previous to the party primary, and we realize too, that the party primary is yet several months away. Yet so important are the issues facing us, it is wise to depart from our long established policy and make a recommendation.

When Governor John W. Bricker went into office he and the Republican Party assumed heavy responsibilities of setting to right a great mass of ills that had been saddled onto the government and the people of Ohio.

The promises made to the people by the Republican Party and its gubernatorial candidate, John W. Bricker, have been faithfully kept. A Davey deficit has turned into a treasury balance. The school fund deficiency of 18 millions has been practically cleaned up. The old age pension bureau has been turned from a political promotion to truly aiding aged persons. Truckless trucking companies have been abolished. The overmanned highway department has been pared down to an efficient working force. The liquor department has been purged of the "split commissions" ills. The State has been relieved of the malodorous "Hot Mix" road contract scandals. These are but a few of the noteworthy accomplishments of Governor Bricker and the Republican Party.

The only charge opponents have made against Governor Bricker is the "crime" of having a treasury balance in hand. In these days of the New Deal philosophy, when it is argued borrowing and debt are cardinal virtues, Mr. Bricker has sinned, they say.

Now the New Deal threatens to federalize various state departments, starting with a grab of the unemployment compensation bureau. Governor Bricker has sounded a clarion note in opposing further centralization of power in Washington. He has stood firm for state's rights. Already he has begun the State's defense, and he has shown a vigorous leadership greatly needed in these distressful times.

Ohio citizens have a confidence in Governor Bricker and given the opportunity they will re-elect him.

In departing from a long standing policy, we want to urge the Republican Party to nominate for re-election this man who is qualified by training, tried in experience and seasoned in judgment, to meet the problems ahead. We urge Governor Bricker to stand for re-election. We suggest that Ohio Republicans join in asking him to seek another term for the good of the Commonwealth.—Lebanon Western Star.

LEAD THE WAY, MR. WALLACE!

Vice President Henry Wallace, the dreamer, has asked the country to match Jefferson, Jackson and Lincoln in adoption of the principle of "equality in sacrifice."

"None of us," said the Vice President in a recently broadcast speech, "can expect to eat and wear and buy on the basis of peacetime luxury living."

We are sure that the American people, almost to a man, are willing to go along with such a principle—provided, however, that the administration, of which Mr. Wallace is such an important part, sets the example.

But—We Do Not Believe that Americans are going to sacrifice so cheerfully so long as government fails to provide the proper sort of leadership.

Every day we read of strikes in defense industries. The administration might show us it means business by using a firmer hand in dealing with this serious problem.

But more important still, we can find no evidence that the administration is making any effort to curb its own spending. An outstanding Democrat, Senator Harry Flood Byrd, of Virginia, is authority for the statement that, to date, the country's defense effort is a colossal failure.

Not only that! Senator Byrd has suggested means by which drastic cuts could be made in non-defense spending.

AGAIN, THE ADMINISTRATION could offer encouragement to a vital element in our national life by offering some sort of relief to the small business man. Smaller manufacturers by the thousands are threatened with close-downs, and even with complete extermination, because of the unfair and poorly managed priorities system.

Only last week The Ohio Republican News reprinted a survey by an outstanding Washington news reporter revealing that during 1941 the Roosevelt administration will spend almost \$28,000,000 for publicity alone.

In this issue, another nationally-known reporter of unquestioned integrity, Frank R. Kent, of the Democratic Baltimore Sun, discloses that 50,000 persons are being added to the federal government's payroll each month. He predicts that within another year, 2,000,000 civilian employees will be on the roster.

These are a few examples. Scores of others could be cited. Yes, Mr. Wallace, the common people—the great masses of Americans whose earnings are just enough to assure comfortable living for themselves and families—are going along on the principles of "equality in sacrifice." They would do so a lot more cheerfully and unstintingly if the tax-squanderers, the boondoggles, the wastrels in the national administration would set them the proper sort of example.

The above from the Republican News does not touch the vital spot of American life among our boys of draft age. Mr. Wallace would do well to inform the public as to the kind of a sent his son holds down in the Roosevelt-Stalin war program. Is he in the trenches or behind a desk?

New developments in the Roosevelt war plan of the week are that every boy between the ages of 18 and 35 will be drawn into the New Deal army to fight for England and Russia and in African deserts before the first of July. Congress is to be asked to change the draft law again after the first of the year. Much of the red tape for medical examinations is to be eliminated. The first step in this program went into effect this week when makeshift medical examinations for a number of counties were held in Dayton instead of the respective counties. Every boy with two eyes, two feet and two hands is going to draw a perfect number for army service abroad.

Britain is having her trouble with the labor element in parliament over the methods used by Churchill and the social set in running the war. One labor leader arose to point out where England was going broke in the war business. Immediately a "war member" arose to answer that under the American lease-lend law, England was not to pay for anything sent over. The labor leader was informed that England was not making the same mistake this time as was done back in World War Number One. There is food for thought in this country in what the English labor leader had to say.

It is agreed by New Dealers that some 140,000 small manufacturers and business men will have to go out of business due to "defense" requirements for materials. Power and light companies are having trouble getting copper wire. Telephone companies face the same situation. Meantime the Chicago Tribune carries a picture showing 23 car loads of copper wire at Gilmer, Texas, for a government electric power project to compete with a private company that is now serving that territory. The Tribune has checked the output of steel mills and aluminum plants and the report shows there is more of each than at any time in the history of the nation, regardless of the fact the New Dealers are purchasing everything in sight whether it is needed in defense or not.

In speaking of government war purchases one has to use his imagination as to where Roosevelt is to use 250,000 single-trees in connection with the war. So far as known such things are not needed on tanks or trucks. Just what all is necessary for gun equipment we cannot say. We recall the order for 500,000 branding irons in the other World War, which was about ten for every mule used in that war. Some deserving New Dealer is drawing in the gravy.

A speaker over a Detroit station Wednesday night said there would be no new automobiles made after next March according to present plans in Washington. This means several hundred thousand factory workers would be thrown on charity. Some time ago we noticed where Peter Nemkiss, Jr., a high official in the OPM stated that two million persons would soon be out of employment until everything could be regulated (regulated). Continuing he said there must be to some extent "liquidation of the middle class." Not a bad statement coming from a New Dealer with not even an Anglo-Saxon name.

Congress had one bill slipped over while everyone was wondering what Japan would do in answer to FDR and "Free-trader" Bull. Both have been trying to get the little nation worked into a war fever under a guise of peace talks. The Rankin bill provides for two veterans' pensions. World war veterans disabled, would get a \$10 monthly increase, or \$40. Those who reach the age of 65 would also get the pension. The second bill would provide pensions from \$12 to \$56 a month to widows, children. It is claimed that these two bills if they become law would cost between ten and fifteen billion dollars each year. One argument to justify the two pension bills would be that the World War veteran have not received a square deal from the Roosevelt Communists. Another would be that the sum, as great a drain as it would be would be spent in America for Americans that gave their services abroad for the benefit of England, which was not appreciated to the repayment of a single cent. We hope Roosevelt gets a chance to veto this measure when it passes the Senate. He might want to loan another billion to Russia (without the authority) as he did some weeks ago.

Some time ago Wendell Willkie stated that he would go into the purging business and help defeat every candidate for congress and the senate that did not support the Roosevelt war plan to aid England and Russia. The organization known as the America First Committee that has been active in campaigning against sending our American boys to foreign shores, comes out this week and endorses Charles H. Eilston and William E. Hess congressmen from the First and Second Districts, Cincinnati, for re-election. Both are Republicans. The same committee will oppose the re-election of Greg Holbrook, D., in the Dayton district. The recent city election in Cincinnati was a good poll on the war situation. At least two candidates for council injected the war into the campaign and both came near being defeated. Even Democratic wards refused support.

We have contacted several prominent Democrats in the county as to their views on the "Captain-Judge" Henry situation whereby the Democrat judge draws down over \$800 a month for the two offices. Of eleven contacted, ten regard the position of the judge as a disgrace that cannot

help but shame the party that honored him. One refused to comment but admitted when asked about a suit to stop payment of the salary for the judge, about \$300 a month, that it might be a good thing. Others interviewed were certain the electorate would approve a suit to enjoin further payment of salary. One could not understand why some action was not taken to "throw the judge out of office" as he put it. The Republicans sit back and smile.

A New York City resident this week tells us of some of the things used in the campaign against LaGuardia for mayor in that city. The Roosevelt Communist candidate, Jim Farley, National Chairman, Ed Flynn and Gov. Lehman broke with Roosevelt on the grounds LaGuardia was not a Democrat. Some of the things the Democrats spread against Roosevelt and his state administration cannot even be put in print. These Democratic leaders are saying nothing today. They are giving the "calf all the rope he wants."

NAVY TRADE TRAINING GAVE ME MY START SAYS PRESIDENT, SPERRY CORPORATION

THOMAS A. MORGAN (pictured in insert), president of the Sperry Corporation, world's largest manufacturer of aeronautical and marine instruments, received his early technical training in the U. S. Navy, in which he enlisted as a young man. "This has proved of great value to me in later years," said ex-sailor Morgan. Pictured above are new Navy recruits receiving electrical training at one

of the modernly equipped Navy Trade Schools. The Navy offers training to young men in nearly 50 different trades and vocations.

Opportunities for advancement, to learn skilled trades, for travel and adventure are identical whether a man enlists in the regular Navy or the Naval Reserve—and his pay, food, clothing, medical and dental care are the same.

PLAN BOX SILO ON LEVEL LAND

Is Good Substitute for the Trench Silo.

By E. R. EUDALY
(Editorial, Texas A & M College Extension Service.)

Built above ground, a "box" silo is a substitute for a trench silo in regions where the land is more or less level and where keeping water out of a trench is a problem.

To construct such a feed container, build two parallel levees of dirt any height and width desired, then fill between the levees with silage and cover with earth. This sometimes is called a trench silo upside down. Two-in places where lumber is cheap it might be advisable to build the upside down trench out of lumber and tar paper. This is called a "box" silo.

It is not advisable to build a "box" of smaller dimensions than four feet between walls, six feet high and 20 feet long. Lesser space between walls would be hazardous since a little spoilage at the edges would be too high a percentage of waste. A minimum height of six feet is suggested because of settling and the possibility of some spoilage on top. If the silage settles a whole lot there might be a high percentage of spoilage.

Width and height may be as much as desired beyond the minimum footings as far as keeping of the contents of the silo is concerned. But the width should be regulated according to the number of livestock to be fed, the specialists advise. At least five cows are necessary to obtain the most success from a "box" silo.

The posts should be three feet apart in the row if one-inch lumber is used, but may be as much as 4 1/2 feet apart if using two-inch lumber. Shipyard lumber is best for siding, but if a cover is necessary, any wood provided it is laid so that the inside of the wall will not be so rough as to break the lining paper. Tar, or asphalt, paper is recommended for covering the inside of the wall, and No. 9 galvanized steel wire, or the equivalent in strength, to tie the posts together at the top.

The silage at the open end of the box should slope from the ground to the top of the wall so that the end can be covered with earth. Only two or three inches of dirt may be used provided oats or barley is planted in it, and the earth kept moist until the grain makes enough growth to form a good root system and hold the dirt together to prevent cracking.

When used as a winter cover crop, winter oats, barley or rye should be sown a week or 10 days before the average date for seeding wheat, Hackleman said.

Although more apt to encourage chinch bug increases the following growing season, barley makes the best pasture of the three crops. If nurse crops of oats, rye or barley, instead of being harvested as grain, are pastured next spring, the land can be classified as soil-conserving under the AAA farm program.

Farm Notes

Spraying of certain chemicals has been found to hasten the maturity of potatoes on experimental plots at an Idaho research station.

Root rot fungus spreads by slow growth along roots from plant to plant, even when they are dormant, at the rate of a foot or so a month.

The annual output of United States fruit canning plants amounts to about 50,000,000 cases. Peaches lead with over 12,000,000 cases.

More commercial fertilizer was used by American farmers in 1940 than in any previous year.

One hundred per cent water-inflation of farm tires will be possible and economically practical as the result of developments by a large rubber company.

Only by the use of pressure is it possible to get the high temperature needed to kill organisms in nonacid vegetables which, if not destroyed, will likely cause spoilage.

With the Christian who takes the deep true view of his religion as a guide in all earthly matters, material or spiritual, there is never any feverish, blind-alley skirmishing in the face of threatened ill. He just waits vigilantly, trustfully, upon God, ready to do His will the moment it is made clear to him. "I will watch to see what He will say to me." Watching to see! In those telling words lies the whole secret of the thing that mystifies non-religious folk so completely—the inviolate calm and courage with which real Christians meet the worst adversities that can befall them in the world.

THE CROWDED INN

By HELEN CLARK WENTWORTH

ALL day long they had been going by the inn, camels and donkeys stirring up dust, weary men and women resting by the stream outside the inn yard. The little country maid had never seen so much travel.

Just outside the city of Jerusalem, near by the village of Bethlehem, there were plenty of people who stopped for refreshment. And Jerusalem kept a good inn. He was a

good man too. But he was hard, sparing neither man nor beast. And his niece Rebecca was hard put to do the tasks that were set before her.

"Why are there so many travelers today?" she asked the little slave girl who helped her prepare the evening meal.

"The tribesmen," replied Fatima, "are going to Jerusalem to be numbered, so that they may pay their taxes. And this will continue for days. These are not times of rejoicing and feasting for us!"

Rebecca looked up at a bearded man, leading an ass on which a young woman rode, entered the courtyard. "Is the inn keeper here?" he asked gently. "My wife and I seek shelter."

"There are no rooms left," Fatima told him, going on with her work. But Rebecca looked up at the woman, whose face was weary and touched with pain.

"I will see what provision can be made," the little maid exclaimed. Her eyes never left the young woman's sweet face. The woman smiled at Rebecca, and her husband smiled too. Rebecca's face lightened eagerly and even Fatima found herself softening.

Rebecca had some difficulty finding her uncle, busy as he was with many things. Then it was hard to make him listen.

"There must be some place, uncle. That new stable, with the clean straw, would be warm and comfortable. She cannot go farther, I know."

"So be it," he answered. Then, as they neared the group, he too was impressed by the young woman's beauty and the lovely warmth of her smile. "There is naught but the stable," he told them, "but Re-

becca will seek to make you comfortable there."

Even after she had done everything she could, and had crept into her own dark corner for the night, Rebecca found she could not forget the couple in the stable. Mary, the man had called his wife. There was such a radiance about her, "I wonder what makes her so different," Rebecca thought. And she opened her eyes.

In amazement she saw light in the courtyard, so much that it seemed the dawn must have come. But the light came from a star that shone just about the stable. Out into the yard the girl crept, and suddenly she heard a child's cry, a cooling, happy sound.

Rebecca looked about. No one was stirring. Far off, on the hillside she saw what looked like a group of men, shadowy, indistinct, seemingly moving toward Bethlehem. It must be her imagination. Possibly it was Ephraim's vineyard she saw. Soon she stood in the stable doorway.

There, lighted by a lantern, was Joseph, bending over the young woman and holding in his arms a tiny baby—her firstborn. At Rebecca's exclamation he turned, and in her outstretched arms he handed the little figure and showed her the snowy lengths of swaddling cloth. Tenderly the maid clothed the infant and laid it beside the mother.

"Thank you," Mary whispered. "For the child's sake and in His name, I thank you for what you have done. We thank her, don't we, Jesus?"

The baby opened his eyes and smiled. "He smiled at me," Rebecca exclaimed. "I shall never forget a new born babe smiled in to my face to say thank you."

Mary drew the child into the shelter of her arms. Her eyes closed, Joseph walked to the doorway and watched Rebecca as she returned to her room. He, too, saw the clump of trees or vines, or was it a group of men on the hillside? Then he returned to the manger and settled down beside Mary and the sleeping Jesus.

FARM TOPICS

SWEET POTATO HARVEST TIME

Growers Cheat Jack Frost By Digging Quickly.

By LEWIS F. WATSON
(Extension Horticulturist,
N. C. State College.)

Shortening days and cooler nights herald the arrival of fall and harvest time for sweet potatoes, one staple in the diet of many farm people.

Potatoes keep best when they are allowed to mature before harvesting and before frost kills the vines. If the vines are killed by frost, they should be removed immediately and the potatoes dug soon.

Use a vine cutter, attached to the beam of the plow, when vines are not removed before harvest. This attachment should be constructed so as to prevent the blade which cuts the vine from going deep enough to injure the potato.

One of the most important rules at harvest time is not to bruise the potatoes. They should not be thrown from one row to another. Three rows can easily be placed together without throwing the potatoes. Bruised roots rot easily in storage, and dark spots caused by rough handling lower the market value of the crop.

As the potatoes are removed from the soil and piled in the heap, they should be graded carefully. All cut or broken yams should be placed separately from the No. 1s and fed to stock as soon as possible.

For curing and storing, a regular storage crate has many advantages over the bushel tub. Besides conserving room, the crate allows a better circulation of air.

Potatoes should be stored and cured in a thoroughly cleaned and dry house immediately after harvesting. Proper temperature and moisture conditions are essential factors in keeping the crop.

AGRICULTURE IN INDUSTRY

By Florence C. Wood

(This is one of a series of articles showing how farm products are finding an important market in industry.)

CASTOR BEANS.
To make American industry less dependent upon foreign products, castor bean growing is being revived to supply a fast-drying oil for paints and enamels. It is found to be a good substitute for tung oil, a product of China which has been extensively used in the paint industry. Since the Japanese invasion this foreign oil is both costly and difficult to get and the domestic supply is not being produced in large quantities.

Castor bean growing is not new to this country for it thrived in a half dozen states around 1850 when 23 oil mills were operating, most of them located around St. Louis. After the Civil war, production increased until Kansas glutted the market with a boom crop of 765,143 bushels in 1879. Prices fell and interest in the castor bean declined. Last year test plots were grown in 33 states from coast to coast, in the South and as far north as New York. Now seed was imported from Java, Brazil and India by the National Farm Chemurgic council in an effort to find a new market for the farmer. It included shatter-resistant varieties which do not require a prohibitive amount of hand labor, since they are less likely to eject their seeds as they start to ripen, and can be harvested in two or three operations.

One of the first commercial uses of castor oil is in lacquer for lining cans in which food is preserved. By treating it with sulphuric acid, an oil is obtained which is used for softening textiles. It is also used in the manufacture of soap, machine oils, and non-brittle tire cement.

Farm Notes

Milk cows on farms in the U. S. increased nearly three per cent between 1940 and 1941.

One hen normally will eat about 80 pounds of feed a year, of which approximately one-half should be mash and one-half grain, in order to obtain best results.

An inexpensive and efficient homogenizing machine for small dairies, operated by a quarter-horsepower motor and weighing only 137 pounds, is now on the market.

The 1941 United States lamb crop probably is the largest on record.

The 1941 U. S. hay crop of 96,000,000 tons is expected to be the largest harvested since 1927 and the third largest produced in the last 30 years.

July 1 estimates on corn in the United States indicate a harvest of 2,548,709,000 bushels, which will be 4 per cent more than the 1940 crop and 10 per cent above the average crop in the period 1930-39.

Second Cedarville Student Honored

John Reinhard, senior at Cedarville College, became the second Cedarville student to be honored by being listed in the 1944-45 issue of "Who's Who Among Students in American Universities and Colleges," edited by H. Patrick Randall at the University of Alabama. John, son of Mr. and Mrs. H. A. Reinhard, Cedarville, will receive his bachelor of science and bachelor of science in education degrees from Cedarville College next June.

Mr. Reinhard attended both Chillicothe and Cedarville High Schools and graduated from Cedarville in 1939. In high school he was an honor pupil a member of the band and orchestra, a member of the basketball team and editor of the year book in his senior year.

In college he has been a member of the Y. M. C. A. for four years and is serving on the cabinet this year. He has been active in dramatic work, and was a member of the weekly Cedarville College publication "Whispering Cedars" as well as a participant in sports of all sorts. In baseball he has played in the outfield for three years, left field being his present position. He plays at a guard position on the basketball team, plays tennis and he holds the college record for the half mile in track. In his junior year, Reinhard won four letters.

He was assistant editor of the "Cedrus" last year and is editor this year. Young Reinhard was chemistry laboratory assistant two years and during the sophomore year, he attained the rank of Eagle Scout serving as assistant Scoutmaster for the last two years. He is active in church activities, being president of the local United Presbyterian Young People's Association and a member of the executive committee of the Young People of The Xenia Presbytery. Following graduation he plans to teach and perhaps finish his medical education.

Horse Killed In Highway Accident

The Wilbur Conley car, being driven by Earl Lee Kersey, 18, accompanied by Richard Conley, Pat McGuire, Keith Wiscup, hit a Belgian draft mare, owned by the state, at Wilberforce University after midnight, Wednesday, during a heavy fog. Three horses were crossing the road single file but only one was hit. The horse was elevated over the top of the car doing considerable damage. It died shortly afterwards. The boys escaped injury. Deputy Sheriff Henry E. Barnett investigated.

Mr. Max Dobbins of Knoxville, Tenn., spent the week-end with his parents, Mr. and Mrs. Fred Dobbins.

Mr. and Mrs. Homer L. Reiter entertained members of the Dayton office of the International Business Machines Corp., and their wives last Wednesday evening at a dinner party. Miss Rebecca Galloway, who recently joined the office staff, assisted Mrs. Reiter. Mr. Fred Marshall, Dayton, entertained the group with a showing of colored films of recent travels and pictures in connection with his "The Boyland Trail." Mrs. Reiter rendered several harp selections. Mr. Reiter is manager of the Dayton office.

One thing a thoughtful man learns after a while is that you can't be on either side of a great moral or economic question without being in bad company.

STATE "Unfinished Business"

Robert Montgomery and Irene Dunne, costars in Gregory La Cava's sensational dramatic comedy-romance, "Unfinished Business"

Light comedy roles are the most difficult type for any actor to play, says Robert Montgomery, who should know. Montgomery has tried both comedy and drama, and both with success.

It is in the field of light comedy that the actor has achieved widest note, and although his first hit performance was in the powerful dramatic role of the prison coward in "The Big House," and he later Academy Award consideration for his psychopathic killer of "Night Must Fall."

Montgomery is back in his best-known element in Universal's "Unfinished Business," now at the State theater with Irene Dunne costarred, although the comedy-drama has its highly emotional moments, too. Gregory La Cava, the producer-director, saw to that. The actor believes that light comedy is difficult to play because it requires most accurate timing.

"Timing is the most important element of any performance," Montgomery states. "And light comedy calls upon a performer to establish and maintain correct timing in situations which are usually unexpected and, in many cases, unorthodox."

Most dramatic roles fall into a pattern which is comparatively easy to sustain evenly throughout a picture, according to Montgomery. Surprisingly, he even stamps the seemingly difficult role of "Danny" in "Night Must Fall" as a comparatively easy role.

Club and Social Activities

Rev. B. N. Adams and family left Tuesday for Westwood, Cincinnati, where they will make their home following a recent call accepted by Rev. Adams to the pulpit in the Presbyterian Church in that suburb. Rev. Adams has held the local pastorate since May 1939 and both he and his family have made many friends that will long remember their stay in Cedarville. Citizens in general hope for continued success in the pulpit and as pastor in the field in which Rev. Adams has chosen for his work.

Mrs. Effie S. Lackey received a telegram Sabbath, informing her of the death of her cousin, Dr. Esther Mitchell at Mt. Sterling, Ky., after a long illness. Dr. Mitchell was well known here as she had often visited her cousin and other relatives. She was resident physician at the United Presbyterian Mission at Frenchburg, Ky., for many years.

Mr. Frank Creswell has been confined to his home for several days due to illness.

Mr. Walter Cummings has been on the sick list for several days.

Rev. Wm. H. Tilford, Cincinnati, who has resigned his pastorate and recently elected pastor emeritus, has also resigned as secretary of the Board of Trustees of Cedarville College of which he was a member. Both resignations have been due to Rev. Tilford's health.

The annual Christmas party for the Research Club will be held this Friday evening in the parlors of the U. P. Church.

Miss Nancy Williamson, daughter of Mr. and Mrs. Raymond Williamson, Turnball Rd., is a member of Treble Clef, women's glee club at Bowling Green State University, which will present its annual Christmas program December 10 at the student assembly. Miss Williamson is a sophomore in the College of Education.

Mrs. Mary McCormick, who has been visiting relatives in Chicago and Lafayette, Ind., for several weeks, returned home last week.

Mr. Charles Shepherd, a prominent farmer west of Xenia, has been recommended to Governor John W. Bricker for appointment as a member of the County Draft Board No. 2, to succeed Mr. Hugh Turnbull, Jr., who has resigned.

The Annual Christmas Dinner of the Woman's Club will be held Thursday evening, December 11 at the parlors of the United Presbyterian church. Each member should contact the committee for reservation by Tuesday noon, Dec. 9.

We wish to thank the people who worked and helped in any way to make the Turkey Dinner a success. Also those who donated so generously. The Committee of Methodist Ladies in charge were Mrs. C. C. Brewer, Mrs. Vincent Kligo and Mrs. David Reynolds.

Mrs. R. A. Jamieson was taken seriously ill at her home last Friday and was taken to the McClellan Hospital, Xenia, for treatment. She has since improved and is thought to be on the road to recovery.

Postmaster R. C. Ritenour and wife of this place, Mr. and Mrs. James Miller, Xenia, Mr. and Mrs. John Goodrich, and Miss Jeanette Ritenour, of Dayton, were dinner guests Sunday at the home of Mr. and Mrs. W. V. Atterson, Dayton.

The Ladies of the Methodist Church served some four hundred persons at the Turkey Dinner, Alford Memorial Gymnasium, Tuesday evening. The dinner was well prepared and served promptly and with generous plates. A number of Xenians were present or the dinner.

Mrs. Graham Bryson was guest speaker before the K. Y. N. Club at the home of Mr. and Mrs. Ralph Rife. Mrs. Bryson spoke on "Defense Work."

I wish to thank the many kind friends and neighbors for their assistance and kindness in the recent death of my sister. Fannie McNeill.

BUMGARDNER-GARRINGER NUPITALS SUNDAY P. M.

The marriage of Miss Doris Elizabeth Bumgardner, daughter of Mr. and Mrs. Victor Bumgardner, took place Sunday afternoon at 4:30, at the Methodist Parsonage. Rev. H. H. Ahels officiated with the single ring ceremony. Mr. and Mrs. Richard Garringer, Jamestown, brother and sister-in-law of the bridegroom were the only attendants.

A frock of defense blue crepe, with which she wore a blue hat and black accessories, was chosen by the bride for her wedding. Mrs. Garringer wore a blue crepe frock with harmonizing accessories.

Following the service a wedding dinner was served to the immediate families at the Bumgardner home. Mr. and Mrs. Garringer will reside on a farm near Jamestown. The bridegroom is the son of Mr. and Mrs. Stephen Garringer, near Jamestown.

The annual Christmas program for the Cedar Cliff Chapter, D. A. R. will be held Tuesday evening, Dec. 9th at 7:30 at the home of Mrs. Paul Orr, with Mrs. Lewis McDorman, assistant hostess. The program will be in charge of Mrs. M. J. Bahin.

Mrs. John Ross of Des Moines, Iowa is here on a visit with friends and has been visiting in Xenia and Dayton. Her son, Cameron Ross who is connected with the State Public School system is now on one of the commissions authorized by the last Iowa legislature to recodify the state laws. Mr. Ross drew the bill that was passed by the legislature. He is a former Cedarvillian, a graduate of the local high school and Cedarville College. Mrs. Ross has been living with her son and family in Des Moines.

The Red Cross sewing group will meet in the Home Economics room of the high school on Thursday, December 18, at 1:30 P. M. This meeting will take the place of the one usually held on the last Wednesday of each month. All women who wish to sew or knit for Red Cross War Relief are invited to come.

Miss Martha Kennon entertained Saturday evening for Miss Phyllis Adams, at the Hillcrest Farm, west of here. The guests were taken to the Xenia Theater and later to Geyer's for refreshments. Miss Adams left Tuesday of this week for her new home near Cincinnati.

Mrs. James H. Creswell, who has been a patient in Miami Valley Hospital, Dayton, has improved and is now back at her home on the Jamestown pike.

An organ-piano duet is to be presented by Miss Mildred Trumbo and Mrs. Gale Ross next Sunday morning during church services at the Methodist church. The number will be "The Christmas Song" by Adam.

Republican Congressmen Join With Dems. To Hold Unions Down

With Congress demanding some sort of legislation to tie the hands of union leaders, the Ohio Republican delegation of 12 members voted with Democratic members for the Smith anti-strike bill, which carried by a vote of 256 to 136. The New Dealers and Democratic congressmen under the Roosevelt thumb joined with the CIO and AFL leaders to try to defeat the measure. Only one Ohio Democratic Congressman voted with the Republicans, Young of Cleveland.

The bill now goes to the Senate where if it passes, it will be vetoed by Roosevelt on demand of both Green and the AFL and Lewis and Murray of the CIO. The bill has teeth in it for enforcing tight and loose between Green and Lewis. A veto is certain. A case of plain deception.

GASTON-COULTER NUPITALS TOOK PLACE NOVEMBER 19

Mr. and Mrs. Charles Coulter, Cedarville, are announcing the marriage of their daughter, Miss Mary Louise to Staff Sgt. Marion J. Gaston, who is stationed at Brookley Field, Mobile, Ala.

The ceremony was performed November 19 in Government St. Presbyterian Church, Mobile, and Rev. Leighton McMillan pastor of the church, officiated at the single ring service. Sgt. and Mrs. A. E. Higgins were attendants and Mr. and Mrs. Marion D. Gaston, 4316 Sycamore Rd., Cincinnati, parents of the bridegroom were guests.

The bride wore a tailored suit of soldier blue wool, with black accessories, and Mrs. Higgins wore a tailored suit of brown wool. Both wore shoulder corsages of gardenias.

Sgt. and Mrs. Gaston will be at home in Mobile after January 1. Mrs. Gaston is a graduate of Cedarville High School and nurses' training school at Christ Hospital, Cincinnati. Sgt. Gaston was graduated from the U. S. Air Corps technical school at Chanute Field and is an aircraft inspector at Brookley Field.

Mr. and Mrs. Paul Orr entertained the Dinner Bride Club last Friday evening. High score prizes went to Mrs. Fred Clemans and Mr. Harry Hamman.

NOTICE

Notice is hereby given that on the 19th day of November, 1941, the undersigned filed a petition in the Common Pleas Court of Greene County, Ohio, alleging that they are the owners of the following described real estate, to-wit:

"Situate in the County of Greene and State of Ohio, viz: BEGINNING at a stone in the center of the Xenia-South Charleston and West Jefferson Turnpike road adjacent to a lot of ground owned by Mrs. E. Turnbull and running thence N. 18° W. 21 poles to a cedar on the edge of the cliffs thence with the meanderings of the creek to a red oak on the bank of said creek, thence S. 18° E. 19 poles to a stone in the center of said turnpike road, thence S. 91° E. 85 feet to the place of beginning. Containing 103 poles be the same more or less, being part of a military survey entered in the name of William White No. 4387 on the waters of Masses Creek."

The prayer of the petition is for a finding and order of the Court that the undersigned are the owners of said real estate, and that it is necessary to sell the same, and for an order of Court authorizing the sale of said real estate as in the petition set forth. Said petition will be for hearing in the Common Pleas Court of Greene County, on the 20th day of December, 1941, or as soon thereafter as the Court may designate.

COLLEGE NEWS

Mrs. Annie McDonald Harriman, housemother at Harriman Hall, Cedarville College girl's dormitory, in 1940-1941, died at the home of her sister in Detroit, Michigan, Monday morning at 2 o'clock, following an extended illness. She was forced to give up her duties at Harriman Hall in the spring of 1941 because of illness. She was the widow of Dr. Walter P. Harriman, for whom Harriman Hall was named. He was a former trustee of Cedarville College and an alumnus of this school. The college sympathizes with her son, the Rev. Robert Harriman, '35, Rockford, Ohio, and Miss Rachel Harriman, music instructor in the Detroit schools.

The annual Y. W. C. A. Committal Service was held at the First Presbyterian Church, Sabbath, November 30. The service was in memory of Frances McChesney who originally arranged the service. Oradew Stewart, president of the Y. W. C. A., presided at this beautiful candlelight service. Rachel Neal and Beatrice O'Bryant were the responsive Bible readers. Alma Davis was the representative of the old members and Wanda Hughes of the new members. Betty Ervin, Florence Andrews, and Mary O'Bryant took part in the triangle girls sequence. The speaker for the freshmen was June Ervin. Vocal music was presented by Doris Williams and Dorothy Clark.

President Walter S. Kilpatrick presented a history of Cedarville College and its plans for the future at a dinner meeting of the Xenia Chapter of the Cedarville College Alumni Association.

The college dramatic club presented a skit at this meeting also "Mushrooms Coming Up." The all-girl cast was directed by Miss Glenna Basore.

Cedarville College's basketball forces suffered their second defeat in two starts at Wilmington, Tuesday night by a score of 38-27. Harry Steuburner shone brightly for the Cedar Cagers, however, as he racked up 17 points.

Wilmington took the lead at the beginning of the game and the Jackets could never catch them. At the half the score stood at 19-9. Wilmington presented a smooth-running combine as usual and used nine players, who all scored at least once. John Reinhard, senior guard and acting captain, who started the game had to retire with a sprained ankle late in the first half. He will not be available when Cedarville meets their next foe, Otterbein College at Westerville, Ohio, tonight. The Cedars meet Earlham at Richmond, Indiana, next Thursday night.

The Y. W. and Y. M. met jointly on Thursday to hear Mrs. Swaney from the O. S. S. O. Home speak on South America.

Photographer Bill Freund is at the college today taking individual pictures for the "Cedrus."

As Mr. Adams goes to his new pastorate in Cincinnati, the College students and faculty extend to him and his family their appreciation of the friendly interest the Adams' have taken in the work of Cedarville College. Mr. Adams has served as College pastor since coming to Cedarville in 1937. Our prayers follow the Adams family as they begin work in a new field.

CLIFTON NEWS

Mr. and Mrs. David Brown and son Charles of Columbus, spent Sunday with Mrs. Brown's parents, Mr. and Mrs. Adam Huff.

Mrs. Belle Confarr has returned home after spending several weeks with her brother, Mr. Omer Lloyd and family in Indianapolis, Ind.

Mr. Jay Filson of Yeagertown, Pa., returned to his home Tuesday, after spending a few days with Mr. and Mrs. M. A. Ault.

Sgt. Jack Preston of Scott Field, Ill., has been spending a few days with his parents, Mr. and Mrs. Chester Preston.

The Ladies Aid Society of the Presbyterian Church met at the home of Mrs. Ralph Funderburg Wednesday afternoon. Devotions were in charge of Mrs. Malcolm Harris.

Mrs. Lola Beemiller and son Harry spent Sunday with Mr. and Mrs. Carl McMillan near Sabina.

The Emanon Circle of the Presbyterian Church will hold its annual Christmas party at the home of Rev. and Mrs. Malcolm Harris, Friday evening, December 12th. A covered dish supper will be served and gifts will be exchanged.

The Young People's Society of the Presbyterian Church enjoyed an old-fashioned play party Monday evening at the town hall. Music for the occasion was furnished by Robert Shaw. Refreshments were served.

IMPROVED SUNDAY SCHOOL Lesson

By HAROLD L. LUNDQUIST, D. D.
Dean of the Moody Bible Institute of Chicago
(Released by Western Newspaper Union)

Lesson for December 7

Lesson subject and Scripture texts assigned, and suggested questions for discussion, are given in this lesson.

THE NATURE AND WORK OF THE CHURCH

LESSON TEXT—Acts 2:41-47; Ephesians 4:11-13.

GOLDEN TEXT—Christ also loved the church, and gave himself for it—Ephesians 5:25.

The church, which is so much the center of life for Christians, is not as well understood as it should be. We have come to regard it as just one organization among many competing for the attention and interest of men, when it is really a divine, living organism established by Christ as His Body and representing Him in this world. Our lesson presents significant truth for both study and teaching. The church is

I. A Fellowship of Believers (Acts 2:41-47).

The church is made up of those who are saved (v. 47), those who have received the Word by faith and witnessed a good confession of their faith in Christ (v. 41). This is a fact to be remembered in a time when there is so much laxness in receiving members into the church. It is not a religious or social club. It is not a rallying place for those who wish to work for some economic, political, or social project. It is not a gathering of good people who wish to share common interests.

The church needs to cleanse its rolls of all unbelievers, all hangers-on, and get back to the purity which it had when only those were received who were manifestly "added" by the Lord (v. 47).

Such folk have many interests which bind them together in fellowship, devotion, and service. The early church was interested in sound doctrinal teaching (v. 42), an excellent thing. They had fellowship in prayer (v. 42); we need that too. They had gladness of heart (v. 46); do we not need a renewal of the song of the Lord in our midst?

They had such fervent love for each other that they established a communal system of sharing with one another, something which God had never commanded and which apparently failed with them, for it was later abandoned. But the point is that they really did love each other and thus showed their true discipleship (see lesson of last Sunday).

II. A Center of Christian Ministry (Eph. 4:11).

The church is God's chosen depository for spiritual gifts, among them being the special ministries mentioned here. The Holy Spirit calls men as He chooses. Blessed is the church which recognizes His choice of teachers, evangelists, preachers, and leaders and gives them liberty to serve the Lord in their calling.

It is God who calls men for these various activities in His vineyard. Self-appointed or man-chosen leaders and preachers are destined to fail, but God's men may be assured of His blessing and power.

III. A Place of Spiritual Growth (Eph. 4:12-13).

The purpose of the gifts of the Spirit is the edifying and building up of believers. A church should always be evangelistic in its efforts. The pastor should be a soul winner, but essentially his ministry is to educate and instruct believers that they may go out and win others to Christ.

Verses 13 to 16 tell us how this "perfecting of the saints" moves forward. There is unity of the faith and a growth in knowledge, a steadfastness which keeps believers from being led astray by error or the cleverness of men. Thus kept from drifting, and being steadily enriched in knowledge of the truth, the believer grows up to spiritual adulthood.

Do not miss the beauty and helpfulness of verses 15 and 16. "Like the body 'fitly framed and knit together,'" the church of Christ is to be a perfectly co-ordinated organism; every member performing its perfect service in building up the body in love for the glory of its Head—Christ.

This figure of the Church as the body of Christ and the working together of the members for the glory of the Head is further developed in I Corinthians 12, which the reader is urged to consider, especially verses 12 to 27.

CHURCH OF GOD
R. C. FREDERICK, Pastor

Sunday School, 9:30 A. M.
Morning Worship, 10:30 A. M.
Evening Service, 7:30 P. M.
Prayer Service Thursday evening, 7:30 P. M.

WILBERFORCE NEWS

During the past several weeks two organizations under the sponsorship of the U. S. government have been started on Wilberforce campus and community. The National Civilian Defense, under the leadership of Bishop R. C. Ramsour whose activities extend through Pennsylvania, West Virginia, Ohio, Indiana and Illinois. After three preliminary meetings the Ohio movement went into definite organization December first in a meeting held in Arnett Hall. Colonel A. W. Thomas and Colonel Whitney were the military men present. Colonel Thomas was elected permanent chairman. Colonel Whitney, although explaining every definite that this organization must function clearly apart from the R. O. T. C., promised to stand by personally, for assistance and advice. As a start toward something concrete, Mr. William Johnson was elected head of the fire fighting squad.

Not to be confused with this move-

ment, although many persons on the campus and in the community are in both, is the one set up several weeks ago by Miss Samie Steele, one of several national instructors in the Consumer Division of the Office of Price Administration & Civilian Supply. Mr. James S. Few is the general chairman and a number of meetings have been held. Mr. Few has lately attended a Consumer conference in Cincinnati and will bring an interesting report to the next meeting December 8, 7:00 P. M. in the Home Economics Building. All are invited.

The Greene County Women's Council met November 28 in the reception room of Sorter Hall in regular monthly session. Election of officers resulted thus: President, Mrs. D. K. Clark, Wilberforce; First Vice-President, Mrs. Cora Curl, Yellow Springs; Second Vice-President, Mrs. Pearl Thompson, Wilberforce; Recording Secretary, Mrs. Gay McGee, Wilberforce; Roll Secretary, Mrs. Daisy Rockhold, Jamestown; Treasurer, Mrs. Henry Ross, Wilberforce; Chaplain, Mrs. Isabella Taylor Cedarville; Cor-

responding Secretary, to be elected.

A petition was sent to Congressman Clarence J. Brown that he use his influence against shutting down the N. Y. A. in Greene County. All women in Greene County are invited to take part in the annual pre-Christmas Exchange Market, to be held December 12 from one to five at the residence of Miss Hallie Q. Brown. Bring one or several articles, food or needlework, canned goods, jellies, cakes, rolls, salads—bring something and take something back. A nice country social get-together, with lots of friendliness and fun.

Holy Trinity Women's Missionary Society met Dec. 1 in regular monthly session at the home of Rev. and Mrs. J. H. Maxwell. Chaplain Thomas spoke on Home Missions, and in detail of mission charges under his superintendency.

Wilberforce W. C. T. U. met December 2 at the residence of Mrs. D. K. Clark. Election of officers was conducted with the following results: President, Mrs. Edna Woodson; Vice-

Are you considering joining a MILITARY SERVICE?

Why not choose the NAVAL RESERVE!

AN IMPORTANT ANNOUNCEMENT by the Secretary of the Navy

"All men now enlisting in the Naval Reserve will be retained on active Navy duty throughout the period of the national emergency, but they will be released to inactive duty as soon after the emergency as their services can be spared, regardless of the length of time remaining in their enlistment."

Frank B. Rowan
SECRETARY OF THE NAVY

HERE IS THE OPPORTUNITY THAT THOUSANDS OF MEN HAVE BEEN LOOKING FOR

Here is your opportunity to have all the advantages and privileges of Navy life but with a shorter enlistment.

Many men do not realize—but it is a fact—that your pay, your training, and your chances for advancement in the Naval Reserve are exactly the same as in the Navy itself.

FREE TRAINING WORTH \$1500

Take your own case. Let's assume that you have had no special training. In that case here is your opportunity to learn one of the Navy's 45 big-pay trades, from aviation engineering to radio. You may receive training worth \$1500 the first year alone. In addition you get all the advantages listed in the second column of this announcement.

HIGHER-PAY OPPORTUNITIES

But perhaps you have had special training or know a trade. In that case the Naval Reserve offers you the opportunity to use your knowledge. If you qualify (high school or college

not necessary), you can join as a petty officer right away—with higher pay and allowances. Also, if you have two or more years of college credits, there are special opportunities to become a Naval aviator or a commissioned officer.

LOOK WHAT THE U. S. NAVAL RESERVE OFFERS YOU

FREE TRAINING worth \$1500. Nearly 50 trades and vocations to choose from.

GOOD PAY with regular increases. You may earn up to \$126 a month.

EACH YEAR you are entitled to a generous vacation period, with full pay.

GOOD FOOD and plenty of it.

FREE CLOTHING. A complete outfit of clothing when you first enlist. (Over \$100 worth.)

FREE MEDICAL CARE, including regular dental attention.

FINEST SPORTS and entertainment any man could ask for.

TRAVEL, ADVENTURE, THRILLS—You can't beat the Navy for them!

BECOME AN OFFICER. Many can work for an appointment to the Naval Academy or the Annapolis of the Air at Pensacola.

FUTURE SUCCESS. It's easy for Navy trained men to get good-paying jobs in civil life.

In any case, it is your chance of a lifetime to lead a healthy, exciting life... your chance to travel... and at the same time build a solid foundation for your future. There is nothing better than modern Navy Training for a successful career in civil life.

Get this FREE booklet

Mail coupon for your free copy of "Life in the U. S. Navy."

24 pages, fully illustrated. It answers all your questions. Tells what your pay will be... promotions and vacations you can expect... how you can retire on a life income. Describes how you can learn any one of 45 big-pay trades from aviation to radio... how many may become officers.

27 scenes from Navy life showing sports and games you may play, ships you may be assigned to, exciting ports you may visit. Tells enlistment requirements and where to apply. If you are between 17 and 31 (no high school required), get this free book now. No obligation. Ask the Navy editor of this paper for a copy. Or telephone him. Or mail him the coupon. You can paste it on a penny postal card.

WEAR THIS BADGE OF HONOR! If after reading the free booklet you decide to apply for a place in the Navy, you will receive this smart lapel-embroid. It is a badge of honor you will be proud to wear.

TEAR OUT AND TAKE OR SEND THIS COUPON TO THE NAVY EDITOR OF THIS NEWSPAPER

Without obligation on my part whatsoever, please send me free booklet, "Life in the Navy," giving full details about the opportunities for men in the Navy or Naval Reserve.
